A Tale of Luck and Community: The Legend of ラッキー (Rakkii)

Long ago, in a village surrounded by hills and cherry blossoms, a shrine to luck was guarded by **Rakkii**, a magical Lucky Cat. With a mischievous glint and a golden bell of endless luck, Rakkii inspired prosperity by bringing people together.

Her legend tells of a drought she ended by guiding villagers to share her wisdom through enchanted scrolls, sparking kindness and collaboration. Rakkii became a beloved symbol of luck and community.

Today, her spirit lives on as **Lucky Meme Coin (LUC)**, spreading fun and connection in the digital world. Like her scrolls, LUC's referral system passes on luck, sharing fortune and joy with every link.

Introduction

Lucky Meme Coin (LUC) is not your average crypto project. It's a community-driven, fun, and luck-themed ecosystem inspired by the spirit of Rakkii, our mischievous mascot. LUC isn't decentralized—it's human-centered. It's about connecting people through shared experiences, playful interactions, and a shared belief in the power of luck.

With a capped supply of **66.666 billion tokens** (because 6 is undeniably lucky), LUC combines gamified features like referral rewards, staking for luck-themed draws, and a burn mechanism to keep things exciting. And of course, Rakkii's golden bell reminds us that luck is meant to be shared.

Tokenomics

Total Supply

66,666,000,000 (or 66.7 billion) LUC tokens—because the number 6 brings luck!

Initial LUC Token Distribution

Category	Token Amount	Details
Public Distribution	55.7 billion	Technically 55.666 billion for lucky numbers!
Liquidity & Rewards	5 billion	Reserved for platform incentives.
Founder (6-month lockup)	3 billion	Tokens are locked for 6 months.
Founder (12-month lockup)	3 billion	Tokens are locked for 12 months.

Platform Fee Revenue Distribution

- **Initial Liquidity Pool Seeding:** 20%
- **Ongoing Liquidity Replenishment Fund:** 5%
- **Incentives for LPs:** 5%
- **Development & Technology:** 10%
- **Ecosystem Development:** 10%
- **Operational Expenses:** 10%
- **Phase 2 - Staking and ETH Rewards:** 20%
- **Phase 3 - Micro-lending Artificial Intelligent (AI) Platform:** 20%

Referral System: Spreading the Luck

Participation Fee:

- Each person who joins pays **0.0066 ETH** as their entry fee.

What You Get When You Join:

- **1,000 LUC tokens** immediately.
- **Your wallet address becomes part of a Lucky Chain** connected to the unique referral link that invited you.
- **A new referral link** tied to your wallet is created for you to share with your friends.

How Referrals Work:

- When someone uses **your referral link** to join:
 - You earn **5,000 LUC tokens**.
 - You also get **0.001 ETH** from their participation fee.
- Their wallet is added to the Lucky Chain **under your link**, and your wallet address moves **up one position** in the chain.
- **Each new participant** pushes existing wallets higher in the chain until the original referrer's wallet address eventually falls off the Lucky Chain (once it's no longer within the top 6 for that link).
- You continue to receive 0.001 ETH as long as your wallet is in the top 6.
- You only earn 5,000 LUC tokens when **your referral link** is used,

Rewards for the Top 6 Wallets in the Lucky Chain:

- From the **0.0066 ETH participation fee**, 0.006 ETH is split equally among the **current top 6 wallets** in the Lucky Chain (not globally, but specific to that unique referral link).
- You'll continue to earn these rewards if your wallet remains within the top 6 for a particular referral link.

Platform Fee

- **0.0006 ETH** is retained by the platform.

Think of it like passing on a lucky charm! The more you share, the more luck comes your way—in the form of tokens and ETH rewards (Phase 2).

Features and Utilities

Staking and Reward System (Phase 2)

Entry Mechanism for Draws:

- Stake **20 LUC**: 2 entries per draw for that month (entries reset monthly unless there is sufficient balance for the next stake).
- Stake **50 LUC**: 6 entries per draw for that month.
- Stake **100 LUC**: 13 entries per draw for that month.
- Tokens must remain staked until the end of the month to qualify.
- Continuous staking means your entries accumulate.

Deflationary Mechanism:

At the end of each month, **all staked tokens are burned**, reducing total supply and boosting scarcity.

Prize Pool Distribution:

- **70%** is allocated equally across 28/29/30/31 daily draws.
- **30%** is reserved for the single monthly draw.
- Prizes are distributed in ETH, and will be based on the total amount of LUC tokens staked to be burned at the end of that period.

Micro-lending Artificial Intelligent (AI) Platform (Phase 3)

Micro Lending Services:

- **20%** of platform fee proceeds are allocated to loans in a Micro-Loan AI Lending Platform.
- LUC token holders can stake their tokens to receive rewards similar to Phase 2.
- A portion of staked tokens is burned to maintain the deflationary mechanism.

- Transparent smart contracts ensure trust, making borrowing and lending both accessible and fun!
-

Lucky Technology

Lucky Meme Coin is built on the **Ethereum blockchain**, leveraging the ERC-20 standard for compatibility and security. But here's the kicker: it's not just about technology. It's about making every interaction—every referral, every stake—a little more fun and rewarding. Transparency and community engagement are at the heart of everything we do.

Roadmap

Phase 1: Referral System Launch

Q1 2025:

- Deployment of referral system
- Initial token distribution and public sale
- Platform fee mechanism setup

Phase 2: Staking and Reward Mechanism

Q2 2025 (or earlier):

- Introduction of staking for draws
- Daily and monthly prize draws
- Burn mechanism implementation

Phase 3: Micro-Loan AI Lending Platform

Q4 2026 (or earlier):

- Launch decentralized lending services

LEGAL DISCLAIMER

Lucky Meme Coin (LUC) is a community-driven entertainment token with no inherent monetary value or financial purpose. LUC tokens should not be purchased as an investment.

1. **No Financial Product:** LUC tokens are not securities, derivatives, managed investment schemes, or financial products of any kind. They do not represent any ownership stake, equity, or rights to profits.
2. **No Investment Returns:** Any potential benefits from participating in the LUC ecosystem are not guaranteed and should not be considered investment returns. The referral system and staking mechanics are gamified community features only.
3. **No Value Guarantee:** LUC tokens have no intrinsic value and may become worthless. Do not purchase LUC tokens with funds you cannot afford to lose entirely.
4. **Entertainment Purpose:** LUC is designed purely for entertainment and community engagement. Any token burning or staking mechanisms are part of the entertainment ecosystem and not intended to influence token value.
5. **No Financial Advice:** Nothing in this whitepaper constitutes financial, investment, or legal advice. Always conduct your own research and consult qualified professionals before making any cryptocurrency-related decisions.
6. **Regulatory Compliance:** Users are solely responsible for determining whether their participation complies with applicable laws in their jurisdiction.
7. **Risk Acknowledgment:** By participating in the LUC ecosystem, you acknowledge understanding these risks and that you are not participating for investment or financial purposes.

Conclusion

Lucky Meme Coin isn't just a cryptocurrency—it's a movement inspired by Rakkii's playful and generous spirit. Whether it's through staking, referrals, or just sharing the story of a
